

she is coordinating French-German projects since 2000. Currently, she is responsible for the topics mobility, environment and spatial planning at the EGTC Eurodistrict Strasbourg-Ortenau and teaching cross-border cooperation to students of the Hochschule of Kehl.

Dr. Gertraud Kinne

Dr. Gertraud Kinne holds a doctorate in psychology and is an intercultural expert with focus on training, coaching and education. Moreover, as a trained psychologist she offers solution-focused online-counselling services. After finishing her studies, she used to work as psychologist in health care and vocational training. Fascinated by other cultures, she moved to Abu Dhabi and served as an Assistant Professor in Psychology at the United Arab Emirates University. Her experience abroad motivated her to specialize on intercultural issues and to support people in dealing with diversity. In Kehl she teaches intercultural competence & communication, diversity management and soft skills such as stress management and counseling skills.
